salt water is a great conductor of electricity
we all studied it!!
he applied it!!
ICE's director's name was Dr.viru shastrabhuddi
but every one calls him virus
all called him computer virus!!!
oye virus is comin..carryin eggs with him
he has told first years to come down come fast fast
virus was the most competetive man we had ever seen
if someone overtakes him even one step.....
he could'nt accept it,
to save time he used velcro instead of buttons
and a hook in tie!!

he has trained his mind
that he can write using both his hands at the same time
everyday at 2 he used to take a power nap of exactly 7.5 minutes
n used to listen opera
govind had to do all unproductive works like shaving, cuttin nails in this
7.5 mins
what is this?
sir nest!!
whose??
cuckoo bird's nest
cuckoo bird never builds their nest..
they lay their eggs on other birds nest
and when their babies come to the world, what do they do first?
they kick out other eggs from the nest...
competition over
the life begins with murder
thats nature...
compete
or die!
you all so are like the cuckoo birds
and these are those eggs whom u kicked out and reached ICE
dont forget
because every year, 4 lakh applications comes to ICE
among them only 200 will be selected
you
and these
finished
broken eggs!!
my own son applied for 3 years
rejected
everytime
remember life is a race!!
if u dont run fast someone will beat u n move faster than u...
let me tell u very interesting story
this is an astronauts pen
in space, foundain pen, ball pen cannot be used
so after spending millions of dollars
scientists invented this pen...!!
from this u can write in any angle, any temperature, zero gravity
one day when i was a student the director of our institute called me
he said "viru shastrabhuddi." i said "yes sir"
come here!! i got scared
showed me this pen
he said this is a symbol of excellence

i give it to u
and the day when u get a extraordinary student like u
pass this pen to him
from 32 year viru shastrabhuddi is waiting for the next viru shastrabhuddi
any one here in this batch to honour this pen?
good hands down
should i write in the notice board
i said put down your hands
sir i have a question sir...
sir if in space fountain pen ball pen cannot be used why astronaut didn't
tried pencil in space sir?
could've saved millions of dollars
i will get back to you on this
that fellow in night kicks seniors
and in day irritating director, im telling u if we stay with him...
he will put us in trouble
buddy, u though screwed virus completely
oh emperor, u're great..
accept our gift....
get lost, dont u've school?
who'll pay fees? yout father?
u callin my father?
hey stop stop raju wat u doin?
eh listen!
no fees required for schooling!!! uniform is required, uniform...
whichever school u like go, get the uniform of that school..
go sit in the class.....
who'll come to know when there is a huge population???
if i get caught?
if they catch u, then uniform change, school change!!! ehhe
there was really something special about him,
he always used to challenge everything in the world.. each n every move....
he was the only one free bird in VIRUS's nest...
we all were just robots operated by professors remote control...
but he was the only one..
perhaps not a machine!!!!
what is a machine?
why are you smiling??
um.. actually sir
from my childhood i used to dream of studying in an engineering college
today im sitting over here, feeling excited sir!!!
no need to be so overexcited...
tell.. tell me the definition for machine
um..

sir
machine is anything that reduces human effort sir
will you please elaborate...?
sir um...
all those things which makes the work for humans easier are machines sir
feeling hot!!! pressed button, wind blowing, FAN is a machine sir!!
u can talk to your friend miles away..TELEPHONE is machine sir!!!
calculate crores in less time... CALCULATOR is a machine sir
sir actually we are dependent in the world for machine sir
from PEN NIB to PANTS ZIB... all machines sir!!
one sec up one sec down, up down up down up
tell me the definition??
sir thats wat im tellin sir..
will you write all these in examz hanh?
"this is machine up down up down up"??
IDIOT!!!
anybody else???
)&#^&#&(%#(&#
)&%&#%&(#&%#
\$(^(\$&%#&%#
(&^%\$&^&^%\$&
he he eh bla bla bla bla
(&#&%(&#%#
!!!!!!!!!!!!!!!!!!
wow great !!!! perfect !!
great please sit down!
thank you thank you
but sir even i told the same in simple language.....
if you like simple language..
u can go join some other arts n commerce college
but sir.. we should understand it atleast
like this way mugging up from book, what the use sir?
oh you know more than books???
books has the same definition...
and if u wanna pass,, u'll write this itself....
but sir, ther are other books also
get out!!!
ooh why?
in simple language... please go outside...
IDIOT!
so we were discussing about the machines
hey why you came back?
i forgot somethin sir!!
what?

instrument and record, analyse, summarize, organize,
debate and explained information
that are elastative and non-elastative hard bound paper
bag jacketed non-jacketed
with forward introduction, table of cotents index that are
intented for the enlightenment understanding
enhancement and education human brains of sense in root of vision
sometimes touch!!
what you wish to say??
books sir books!!
i forgot books sir can i take it?
could'nt you say in simple way?
i tried sometime before, but u dint like it in simple way sir....
professors used to keep rancho outside more often than in classroom
if he get kicked from one class, he'll go sit in another classroom
rancho used to say that knowledge is increasing everywhere.....where ever
you get... gain it!!!
he was entirely different from all of us
we used to fight for bathroom
but wherever rancho used to get water, he used to have bath there itself!
he was very much attached to machines
used to carry screwdriver in his pocket where ever he goes
he would open any machine that he finds.... some got closed
some did not!!
there was another guy just like him
joy lobo
sir excuse me sir
mr.joy lobo
sir if u mind lettting me know abt the convocations dates...
why?
actually dad wanted to get a reservation
i'm the first engineer in my village sir..
all the relatives wanted to come on the convocation day
in that case call make a phone call to your dad
son please please dont waste my time hurry
hello
dad director sir will speak to you
joy
mr.lobo your son wont get graduated this year
what happened sir?
he has violated all the deadlines
with unrealistic mr lobo mr lobo unrealistic project it is i had told

is your project ready?
sir atleast take a look at this once sir please

sir give me some extension sir
why why should i give you an extension?
sir after dads stroke i couldnt concentrate for 2 months sir please
did you leave having food and water for 2 months?

did you leave taking bath?no?
then why did you left studies?
sir im very close sir pls take a look at this sir please..
mr.lobo my son died falling from train on sunday afternoon
monday morning virushastrabhuddi gave lecture in this college
so dont tell me that non-sense
i can only give you sympathy not extension
si...r
how cool design he made?? wireless camera over helicopter?
traffic updates security... can be used for all
but VIRUS was tellin this is an impractical design...
wont fly it seems?
how it wont fly? ill make it fly!! hm hm
hey dont tell joy will give him surprise
we'll make this fly out his window and record his reaction
if we do his project, who'll do ours?
test, viva, quizzes included, there are 42 examz in each semester
hey you worry a lot dude
take this hand and keep it in your hand and say,
aal iz well aal iz well
all is well
aal iz well
now he has brought something new our BABA ranchhodas!!
hey in our village there was a watchman...
he used to yell in night saying aal iz well
and we used to sleep tight
one night there was a robbery in our village,
then we came to know that he's blind,
and he yells aal iz well aal iz well
and we used to sleep like fools...
but that day we came to know about the real fact
see our heart right, is a big coward...
keep our heart as a fool

if you have any big problem in life
tell our heart
no problem baby everythin is ok
aal iz well aal iz well
hm so that will solve problem ? hanh?
no but still it gains the dareness to survive
remember this mantra... this is gonna become more useful over here
got it got it yeah
take it to joys window
hey joy, up up
ooye window... see silencer naked naked heheh ehhe
hey joy come out joy
hey joy look outside..
joy....
#... give me some sunshine.. give me some rain...#
#... give me another chance i wanna grow up once again.....#
you've a good news sir..
neither police got to know
nor joys dad....
everyone will think its a suicide, sir
reason for death in postmortem report
intense pressure in wind pipe resulting in choking
this fool believed tat
died because of the pressure held here...
and from last 4 years of pressure over here? wat about that?
even thats not in the report also sir,
these engineers are so back minded sir
didnt even invent some machine, that could really behold the pressure over
here...
if they had does, could've come to know this is not a suicide, its a
murder,
are you blaming me for the suicide of joy?
if one student cant tolerate pressure why im i the one responsible?
so many pressure will come in life...
then everytime will you blame other for that?
sir im not blaming you sir
actually im blaming the system
sir i've got some statistics
sir in suicides india is no:1 sir
every 1 half hour one of the other students attempt suicide, sir
student die less in sickness and more in suicide here sir
something is going wrong rightt sir?
i cant tell about other colleges but this is one of the finest college in
the country

im running this college from 32 years
i brought this college to no:1 from 28th position

sir wat no:

here we dont've any talks related to new ideas,no talks on inventions
only great talk on only marks, or else job in USA
we dont gain any knowledge here sir...
here they only teach us how to bring good marks...
now are you going to teach me how to take class?
pls sit down
today we have our great leader behind us
who claims that he can teach better than our highly qualified teachers
so today our professor ranchhodas chanchad will teach us engineering
we donot have all day
you all have 30 secs
should find the meaning of the word written on the board
if u want u can make use of your books too
the one who gets the answer can lift ur hands up
we'll see who'll come first and whos last
your time starts now
time up
time up sir time up
what?
nobody got the answer?
now rewind 1 min of life a bit and think
when i asked this question..
anybody thought that today we will get something to learn new..?
anyone..sir
no
everyone sunk in race
whats the use if u come first studying like this?
will you improve your knowledge? no
only pressure will increase
and this is a college not a PRESSURE COOKER
the lion in the circus also learns to sit on the chair fearing the whip
held in his owner's hand
but we call such a lion as well trained,not well educated
hello....
this is not a philosophy class!
tell us the meaning of those 2 words,
sir actually no such words exists sir
these are my friends names

quiet

quiet i said

i would regret to inform you that your son farhan, raju is goin on wrong routes

if u dont take required action their future will be spoiled

VIRUS's letters fell down in our homes like an atom bomb

there was mourning in hiroshima n nagasaki!

and we were invited to both the home to get kicked

come come inside

see there

we could only afford one airconditioner

and we didnt keep in our bedroom , we kept it in farhans bedroom

for him to study conveniently

i didnt buy car, riding scooter till now

invested all money in farhans studies

we sacrificed our future for farhan's better future.. did you understand or not?

then can u imagine wat i must be going through!

hey you took all these photos farhan?

quiet

he has the ghost of photography in his head

he used to take the images of animals and used to say he wanted to become wild life photographer

son what was your percentage that year?

did you hear that?

from 94 percent straight down to 91 pecent

u feel it funny?

no no uncle no

i was tellin how great pictures he has taken

why you makin him an engineer you could've made him a wild life photographer

i'm foldin my hands n requesting u

please dont spoil my sons future

kids

come lets eat somethin

when you come next time have food and go....

dad though didnt give us food,

and atleast to fill our hungry stomach, and to fill the quota of advise

and 24 hours running water from terrace
mother was retired from school and almost tired everytime...
his dad was a postmaster at his age

earn for kids, work like a servant, and after all these keep mouth shut?
hey these all our news if i dont tell it to my son,
to whom will i say? to his friends?
hey raju
it was a big confusion whether we should control our friend or wipe his
mother's tears
then we thought to leave all these matter, and
lets concentrate on mattar paneer now,
even his exhema's cream comes for 55 rupees now

umm. sis sister?
sir, totally how many daughters do u have, sir?
its empty!
as though we dint invite you,
you all might be from groom's side right?
no sir actually we're from science's side sir
how?

can you explain?
dad, he explains really good,
now itself he'll give demo, give
um... sir in delhi,
power goes out frequently sir
and this really affects the marriage too sir
so i thought to make an inverter
that can generate power from all cars that has come in the marriage,
ohhh
wow
and did you make the inverter?
sir design is ready sir!!!!
um.. where is the design farhan
i've given you the design right?
aah, i had given to raju,
raju design??
sir actually, leave it sir ill make the inverter itself and show you
directly,
you can only make us fool, not an inverter!!!
no sir ill surely make the inverter,
i promise
and ill give your name for the inverter
because after all it had been invented in your daughter's marriage
so it'll an honour,
farhan, raju.. i wish to meet both of you in the office tomorrow
sir what was your per plate cost sir,
we'll pay sir
in terms of installment sir
and afterward we wont intrude in any marriage sir
i wont even enter my marriage also sir,
infact i wont marry also sir, even he wont marry also sir
hanh hanh, even i wont sir
even your parents shouldnt've married
sit!!!!!!!!!!
be attention...
??????
this is ranchodas's father's monthly income
now from this,
one, or let it be two zero if you remove out...
doesn't make much difference to bother,
but if one more zero is less,
i would worry a little
this is your father's monthly income, mr.farhan!
ye... yes sir,

and now if you make it one more zero less,
now this is your family income mr.raju rastogi,
big reason to worry,
follow viru shastrabhuddi's suggestion, change your rooms
and get shifted with chathur ramalingam
exams are closer, and if you be with that chanchad,
will never pass in exams!
#..... opera started.....#
wanna get shaved?
no sir,,
then get lost!
raju you try to understand,
VIRUS is playing games between us, divide and rule
dont get scared,
had to be scared!
for me to get good job, i need good grades, and grades are within his
hands,
i dont have rich father like you..using whose money, i can spend the rest
of my life
hey raju what non-sense are you tellin?
should we do whatever he says hanh? aal iz well, aal iz well?
you'll be the only one who gonna catch his tail not me,
now you're crossing the line,
no im making line in between, because i have to support my family!
mom's half salary has been spend on dad's medicines,
sister's marriage is not happening,
as the groom wants maruthi 800,
from past 5 years
mom dint even buy one saree,
yaar..now in this argument..if u r getting mother's saree in between..what
can i say?
yaar so like that how many sarees are reserved for one year? heheh
dont make fun of my mother,
hey raju we will study, with complete dedication we'll study,
but not only to pass exams,
some great scholar has told,
"never study to be successful, study for self efficiency"
dont run behind success,
excellence
follow behind excellence
success will come all way behind you,
who the great scholar told this?
BABA ranchhodas???
hey hey dont take tension yaar,

we'll top the exams yaar, nothin is impossible!
nothin is impossible? hanh?
take this,
now put this back, k!!
raju changed his train's bogey,
now he started the journey(saffar) with chathur,
not the "saffar" in hindi,
english's SUFFER

S:

SU:

SUF:

SUFF:

SUFFE:

SUFFER:

SUFFER hehhehe
everyone calls chathur as "silencer"
to make his mind even more sharper,
he used to eat some bengali BABA's PAN,
and he used to leave his HOT AIR!!!!
i din do it!
raaju....
and he always put the blame on others!
SILENCER used to mug up 18 hours a day
and during exam's night, he used to distract others from study
#.... oooo baby.... come on baby ye.....#
he believed in two ways of topping exams
one is to get marks by yourself, or try reducing other's marks
racho has made the combined plan to teach silencer a lesson,
and to help raju,
our director sir has done much miracle here,
chamatkaar (miracle) means....
i dont want the meaning dubey jee, i'll memorize it....
chathur has been chosen to present introductory speech on teacher's day
he wrote speech in pure hindi from librarian dubey jee to impress VIRUS,
hello,
yes will call,

ranchhoddas chhanchad..first row..right of the director!
uday sinha..second row..third seat!
alok mittal..second row..fifth seat!
hey!
sir..is it compulsory to sit according to our ranks?
why, do u have any problem?
sir, i have problem with entire grading system itself!
its like caste-system sir!..A grade students-kings, C grade
students-slaves!
its not nice sir!
do u have a better idea for this?
yes sir, i do have!
results should not be put up on a notice board....
why should we exhibit someone's weakness in front of all?
now sir..if in ur blood test, the haemoglobin count is less.,.
will the doctor give u tonic..or put up ur report on the TV?
u see sir!
so basically wat u're saying is i must go to each one's room one-by-one n
say results in their ears!
u've come first..u've come second..i'm so sorry, u failed!
no sir,i dint mean tat way
but the thing is..grade creates divide..divide
now see..i've come first so i'm sitting with u..
whereas my friends have come last..

so they are seated in the last..in a corner
atleast they r sitting in a corner now..if they continue being with u,
next year they'll be out of the photo itself!
neither will they pass nor any company will give them jobs!
sir, they'll find a job some how sir....
there wil be atleast few companies..
which hire people n not machines for work!
its not like tat sir..they'll find a job.. i guarentee
oh..u guarentee it..u guarantee it!
bets..bet??
govind....
if even one among those two get a job in the campus interview..
then shave my moustache!
ok sir!!
happy?

in underwear that too ..to meet a wrong person!
yaar..the same name..the same degree..n the same photo
but the person is different..wats the matter!..i'm unable to understand!
but from where did silencer get rancho's address?

he's a great scientist...400 patents..the world wants him!
i have been chasing him from past one year..n the meeting has been fixed
now!
u know..once he signs a deal with my company..i'll be huge!..huge!
now stop praising this wangdu n
tell us from where did u get rancho's address?
u should be thanking phunsuk wangdu..its because of him, tat i found a clue
see this..my secretary tracey was here last month to arrange a meeting with
phunsuk wangdu
tracey cudnt get an appointment with phunsuk but i got rancho
i checked shimla's phone directory..in that the name was..chhanchad

only one man can answer this!
i'm sorry dad!..
i cudnt fulfil ur last wish!
u kept on telling..take me to haridwar..take me to haridwar

i'm so sorry dad!..
i could not be a good son!
what are u saying yaar?..
u have become such a great engineer,
the degree's been put up on the wall
u r a very good son!
how dare u enter my property without my permission, hanh?
i'll put u behind bars!
u'll go behind bars, idiot!
we have investigated everything..
on the basis of ICE degree, u're taking these highway contracts and hydro
projects
this degree belongs to our friend..how did it come to u?
its a 150 hectares property..i'll blow off ur heads and bury u in a
corner..nobody will get to know!..
get the point!..now get lost!
i'm taking dad's ashes and going to haridwar..if u say, i'll even take ur
bones along with that!
lift the dad!!!!
over there..there there
leave my dad!
aeeeeeee..
tell who u are..or else i shall immerse ur dad's ashes over here itself
handover dad to me!
dad's ashes wont go to ganga..they'll go into the gutter!!
aeeee...remove dad from the pot...remove from the pot!
if u press the trigger then i'll press the flush!
see, 'll count till three..tats it!..

no..i swear on dad..i swear on dad..i'm tellin the truth jaar!
i'm ranchhodas..he was chhote!
chhote??????
he was the son of our gardener..
everyone used to call him chhote!
even after his mom-dad passed away...dad let him stay in the house!
he used to do odd house-hold works..u know
changing bulbs..gettin eggs n bread..ironing..like
he was very much interested in studies!
he used to wear my old uniform n get into the school
whichever class he liked..he would go n sit in that one!
i used to take advantage of that..
i used to make him do my homework also
and make him write my exam papers also
i was having a good time!
then one day..
master ji saw that a sixth standard child was solving a tenth standard
problem
which class u r in,son?..wats ur name?
we were caught
dad was a big man so master ji thought its better to tell him before
telling the principal!
u've begunned this..then u only wil end it!
the whole himachal salutes in front of me..
but as soon as i turn away....behind my back,
they call me an illiterate!
this wont happen with my son!
he wants education...and me..just..degree

wangdu!
and he..A for apple..B for ball
today, my respect grew even more for that Idiot rancho!
we all went to college only to get a degree....
if we dont have a degree, we wont have a job!
if u dont have a job, no father will give his daughter's hand
bank wont give credit card, n world wont respect us...
but that idiot came to college, not for the degree but to study!
he wasnt afraid to come last or greedy to come first!
who was the first man to step on the moon?
neil armstrong sir!
obviously its neil armstrong, we all know it..but who was the second man?
dont waste ur time, its not important!
nobody remembers the man who ever came second!
after two monthes..26 companies will come to this college to offer jobs to
u all!
that means before ur final exams,
u'll have jobs on ur hands!

this is ur last act my friends!
put the medal on the pedal..press the accelerator
go out there n make history
any questions?
yes..
sir, suppose any student gets a job and.....
he fails in the finals by 1-2 marks..
then will the job remain or....?
very good question
is there any other person, in whose mind, the same question is arising?
as expected
please come on stage, everyone give them a big hand..come on the
stage..come
come...come..dont waste time!
from past four years, they have been the most consistent students of ICE!
because consistently, they've come last in every exam
come my geniuses..come
if we remove these two people's brains n sell in the market, we'll get a
very gud price!
because they r unused brain..never have been used!
n to answer to their question
whether they paas or fail, its not gonna affect their jobs
because they r not gonna get jobs at all!
i guarentee it
their names will be written in gold
FARHANITRATE n PRERAJULISATION!..
give them a big hand please..everybody!
idiot, he raped completely...
collective rape u know..in front of..in front of everyone!
god...i'll stop eating non-veg..i'll light thousands of incense sticks!
do only one thing..
take away VIRUS from this world!
burn him in hell..
make hot pakkodas of him in hot oil....god..
aeee
are u giving god a contract to kill?
idiot u sit quietly, hanh..
idiot every year u sit in the centre with VIRUS n take photo
while we'll be rotting in the side
this year i think we'll be finished out of the photo itself!
aee..
do u know why i come first?
why?
because i'm in love with machines

engineering is my passion..passion

but fearing his dad, due to hitler qureshi, he never posted the letter at
all!
aare..quit engineering..n become a wild life photographer!
do that work which u are talented in!
if lata mangeskar's dad would have told her to become a fast bowler
or sachin tendulkar's father would have told him to be a singer..
then think..where would they stand today!
are u understanding, what i'm sayin?
idiot..he loves animals but is marrying machines!
ae
baba ranchhodas..
my girlfriend n wife..both are engineering itself
then y do i come last..tel?

if i had dared a little bit..life would have been somethin else!

wat do u think, will he like it?

i cant understand engineering..even if i'll be..i'll be a very bad engineer
dad!
rancho tells a very simple thing..
whatever u enjoy doing, make that ur profession!
then work wont seem work but a game!
aare..how much will u earn in that jungle?
dad, stipend is'nt too much but i'll get to learn a lot!
after 5yrs, when u'll see ur friends buying a car
then u'll curse urself!
i'll be frustrated being an engineer,
then i'll curse you throughout my life!
dad,its better i curse myself..right?
aare..people will laugh!!
they'll say that you came till final year and had quit!
that Kapoor sir told me that u're lucky that ur son is studyin in ICE!

dead body!
dad, i wanna convince u!..
but not by hanging this suicide's sword on ur head!
what will happen.... hanh?
if i be a photographer....then i'll earn less right?.. home will be small,

parents thought that it will abolish our poverty!
i started to fear!
when i came here.. i saw that there's a race,.. if u dont come first, no
one will recognize u
i started to fear even more!
fear is not good for grade, sir!
i started wearing more rings..praying more
not only praying..i started begging to god
give me this, give me that!
sir, today i havent told god..tat get me this job
i just folded my hands..n said thank u 4 this life
if u guys..if u guys even reject me today..then i dont have any regrets
because i believe..i'll somehow do something worthy with my life sir!
see..this very much frank behaviour of ur's is not good for our company!
we need a diplomatic person to handle the clients
and u are way too straightforward!
but..if u assure us that u can control this attitude of ur's..
then..something can happen!!!
sure
after breaking both the limbs, i learnt to stand on my feet sir,
with great difficulty, i got this attitude in me!..it wont cant happen sir!
u keep ur job, i'll keep my attitude
